## One Day Outside: Spring

On Friday, April 13<sup>th</sup> we went to Macbeth Park with our new Grade 1-2 buddies in Genny's class at Riverbend School. We went on the bus to meet at Riverbend, and then we walked to the forest at Macbeth Park on the Red River. First we went on a forest walk to go find a big beaver dam. It was made of a lot of wood but we didn't see any beavers. We did see an old bike in the river! We walked in lots of really deep puddles and climbed on all of the fallen dead trees. Graydon's dad even joined us! There was one really big cottonwood tree that was burnt inside and we got to all go stand inside of it. It seemed very old! When we got back we took turns going inside Macbeth House. It was pretty cool inside because it is a really big house that is really old. We got to use the bathrooms there. Then we had lunch and a wiener roast. Genny's dad Don and her brother Mac ran the fire for us. We also roasted marshmallows with our buddies. It was yummy!

Our Spring day at the forest was fun because we got to explore in the forest and find really cool things, like a piece of wood that looked like a caveman's hammer! We really liked climbing trees and building forts with all of the fallen branches. They were really big and Elliott even used big pieces of bark to make a roof on top! The funniest part was when Gloria was making mud pies and tried to feed them to people! But the hotdog and marshmallow roast was the best!
